## Busy Bees

Bees visit flowers every day. They drink a sweet juice called nectar. Tiny grains of pollen stick to their legs. Bee legs are fuzzy. When a bee visits the next flower, some pollen falls off. This helps the flower make seeds. Bees are important helpers for plants. Some bees also make honey.

1. What is this text mostly about?

   how bees make honey  what nectar is  how bees help flowers

   where bees sleep at night

2. Which sentence is a key detail from this text?

   They drink a sweet juice called nectar.

   Bees live in the water.
