Forces Change How Things Move

Answer Key - Grade 2 Science Worksheet

Read what happens. Circle what the push or pull does.

1. A child pushes a rolling ball sideways to steer it.

   stops moving **changes direction** speeds up starts moving

2. A rolling ball hits a wall and bounces back.

   starts moving **changes direction** slows down speeds up

3. A car drives uphill and slows down.

   slows down starts moving changes direction stops moving

4. A girl stops a spinning top with her hand.

   starts moving **stops moving** changes direction slows down

5. A boy pushes a swing harder.

   stops moving changes direction starts moving **speeds up**

6. A bat hits a pitched ball and it flies back.

   changes direction stops moving slows down starts moving

7. A boat drifts through thick weeds and slows.

   speeds up changes direction **slows down** starts moving

8. A pinball bounces off a bumper.

   changes direction speeds up starts moving stops moving
