Gather Research Notes

Grade 3 Writing Worksheet

PencilGo

Name _____ Date _____

Circle the answer, or write your answer on the lines.

1. A researcher has notes about volcanoes and notes about tornadoes. What should happen next?
   - mix all the notes into one list
   - sort the notes into two groups by topic
   - copy the notes again
   - throw away the tornado notes

2. Which note about sharks is a fact, not an opinion?
   - sharks - more fun to study than whales
   - sharks - grow new teeth all their lives
   - sharks - should be in every aquarium
   - sharks - the coolest fish

3. The question is "What do pandas eat?" Which note helps answer it?
   - pandas - live in China
   - pandas - black and white fur
   - pandas - babies are tiny
   - pandas - munch bamboo for many hours a day

4. A source says: "Bald eagles build huge nests near rivers and lakes." Which note uses your own words?
   - Bald eagles build huge nests near rivers and lakes.
   - eagles - big nests near water
   - Eagles are the greatest birds.
   - eagles - small nests in deserts

Hot-Air Balloon Facts

A hot-air balloon rises when the air inside it is heated. A burner under the balloon makes the heat. To come down, the pilot lets the air inside cool.

5. Read the source. Write one note about how a hot-air balloon goes up and one about how it comes down. Use your own words.

Going up _____

_____

Coming down _____

_____

Gather Research Notes

Answer Key - Grade 3 Writing Worksheet

Circle the answer, or write your answer on the lines.
