Picture and Bar Graphs

Answer Key - Grade 3 Math Worksheet - Challenge Me

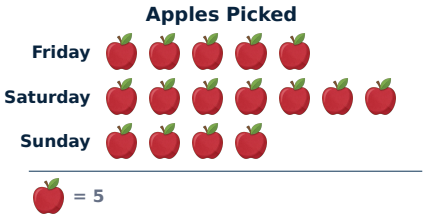

Circle the answer, or write the answer on the line.

1. Use the picture graph. Ana gives 4 of her acorns to Ben. How many acorns does Ben have now?

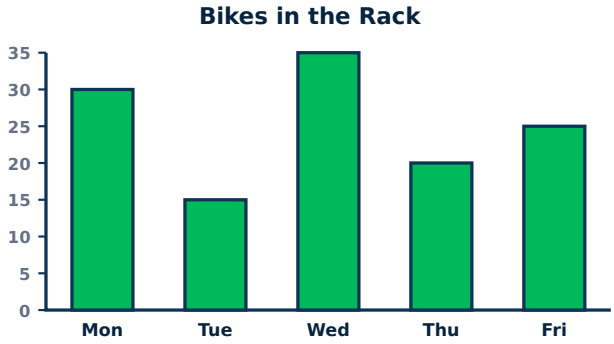

22 acorns 6 acorns 8 acorns **16 acorns**

2. Use the picture graph. Which equation finds the number of apples picked on Saturday?

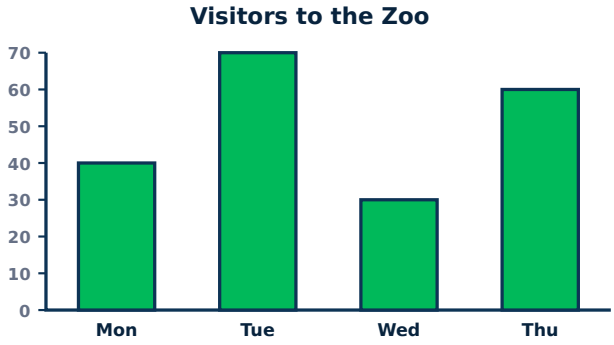

7 + 5 = 12 8 × 5 = 40 5 × 5 = 25 **7 × 5 = 35**

3. Use the bar graph. Which day had 15 fewer bikes than Wednesday?

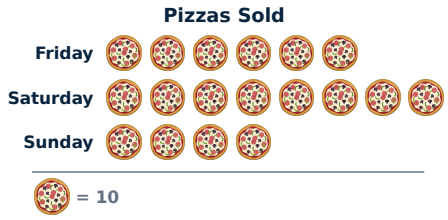

Thursday Monday Friday Tuesday

4. Use the bar graph. How many more visitors came on Tuesday and Wednesday together than on Thursday?

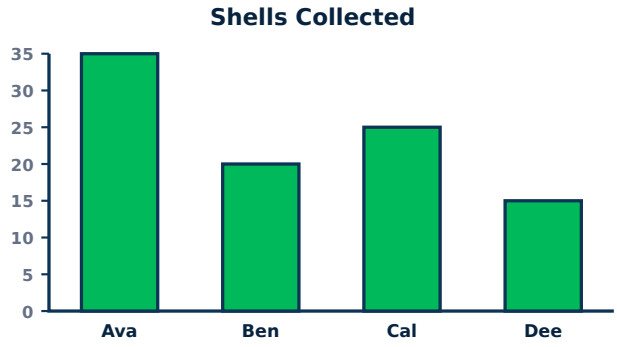

40 visitors 30 visitors 100 visitors 10 visitors

5. Use the picture graph. The shop wants to sell 200 pizzas in three days. How many more pizzas must it sell to reach 200?

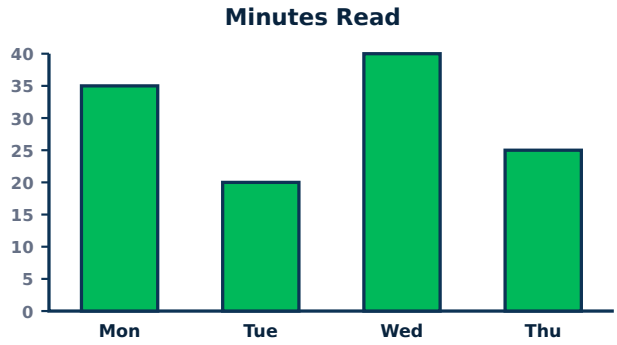

20

6. Use the bar graph. How many more shells did Ava and Dee collect together than Ben?

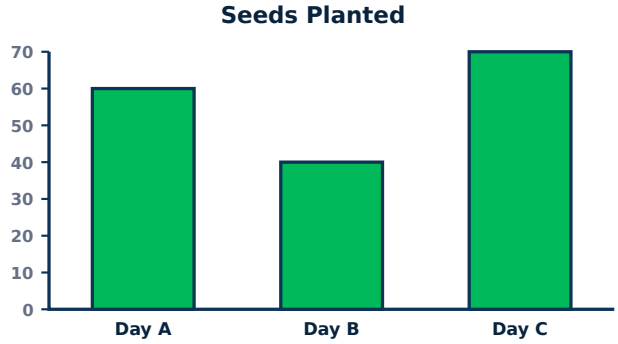

5 shells | 30 shells | 15 shells | 50 shells

7. Use the bar graph. What is the difference between the most minutes and the fewest minutes read?

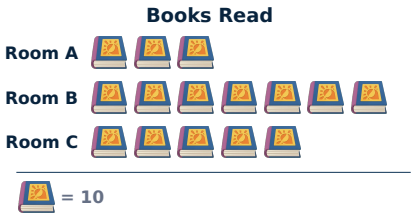

20

8. Use the bar graph. On Day D, the class planted 20 more seeds than on Day B. How many seeds were planted on all four days?

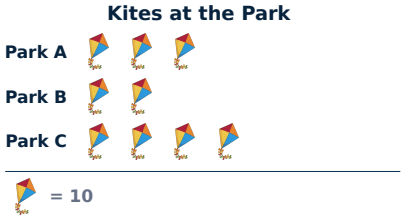

230

9. Use the picture graph. Room D read 20 fewer books than Room B. How many books did Room D read?

40 books 90 books 50 books 5 books

10. Use the picture graph. Park D had 25 kites. How should its row look on this graph?

2 whole kites and half a kite
25 whole kites
3 whole kites
5 whole kites
