Picture and Bar Graphs

Answer Key - Grade 3 Math Worksheet - Challenge Me

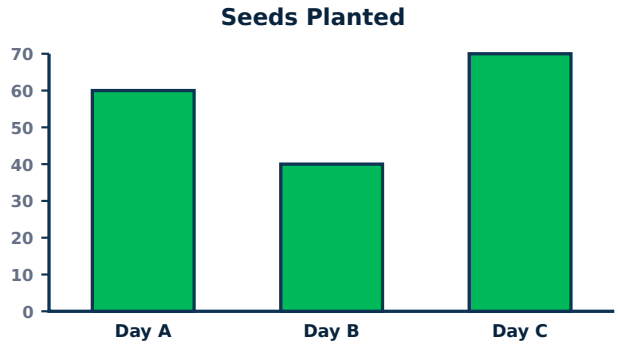

Circle the answer, or write the answer on the line.

1. Use the bar graph. How many books did Grade 1 donate?

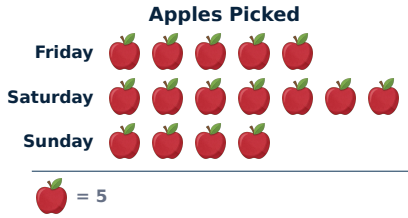

45 books 40 books 50 books 35 books

2. Use the bar graph. On Day D, the class planted 20 more seeds than on Day B. How many seeds were planted on all four days?

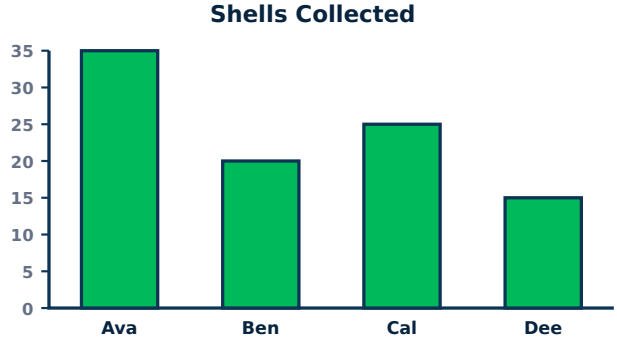

230

3. Use the picture graph. Which equation finds the number of apples picked on Saturday?

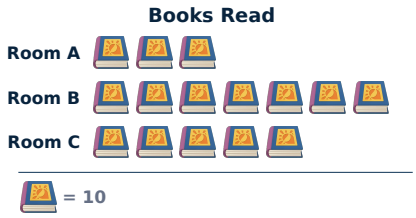

5 × 5 = 25 8 × 5 = 40 7 + 5 = 12 7 × 5 = 35

4. Use the bar graph. How many more shells did Ava and Dee collect together than Ben?

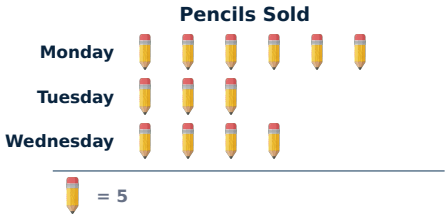

30 shells 15 shells 50 shells 5 shells

5. Use the picture graph. Room D read 20 fewer books than Room B. How many books did Room D read?

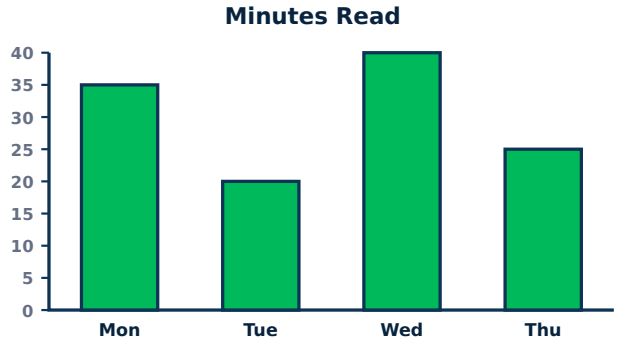

90 books | 50 books | 5 books | 40 books

6. Use the picture graph. How many more pencils were sold on Monday and Tuesday together than on Wednesday?

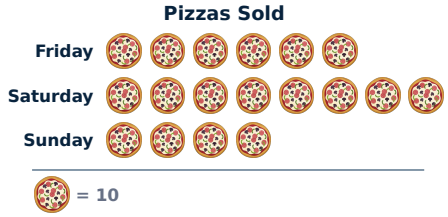

45 pencils | 25 pencils | 10 pencils | 65 pencils

7. Use the bar graph. What is the difference between the most minutes and the fewest minutes read?

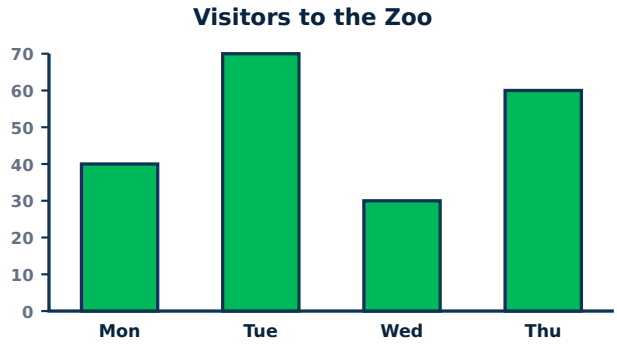

20

8. Use the picture graph. The shop wants to sell 200 pizzas in three days. How many more pizzas must it sell to reach 200?

20

9. Use the bar graph. How many more visitors came on Tuesday and Wednesday together than on Thursday?

10 visitors 30 visitors 40 visitors 100 visitors

10. Use the picture graph. Park D had 25 kites. How should its row look on this graph?

25 whole kites
5 whole kites
2 whole kites and half a kite
3 whole kites
