Grade 3 Math Worksheet - Building Confidence

Name _____ Date _____

Circle the answer, or write the answer on the line.

1. Tick marks show equal sides. Which attribute does this shape have?

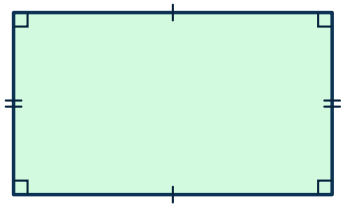

opposite sides are equal all four sides are equal it has four right angles

2. Which word names every shape with four straight sides?

quadrilateral pentagon rectangle

3. Which attribute makes this shape a rectangle?

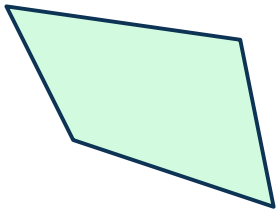

it has three right angles it has four right angles it has four equal sides

4. Which shape is NOT a quadrilateral?

trapezoid triangle rhombus

5. Is this shape a quadrilateral?

no, it has no right angles

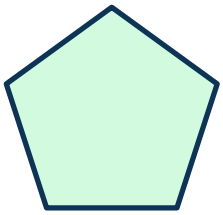

yes, it has four right angles

yes, it has four sides

6. Which shape is a quadrilateral?

pentagon hexagon rhombus

7. How many sides does this shape have?

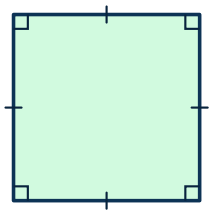

_____

8. Which shape has four right angles but sides that are not all equal?

square rectangle rhombus

9. Tick marks show equal sides. What do the tick marks on this shape tell you?

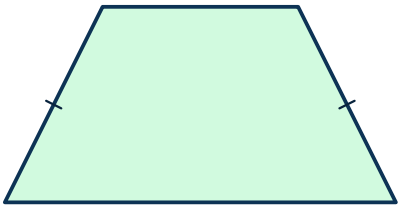

all four sides are equal

the top side is the longest

the sides are all different

10. Which word names this shape's group?

quadrilaterals pentagons triangles
