Grade 3 Math Worksheet - Building Confidence

Name _____ Date _____

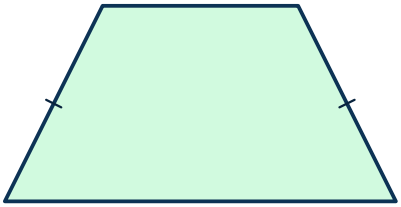

Circle the answer, or write the answer on the line.

1. Tick marks show equal sides. Which attribute does this shape have?

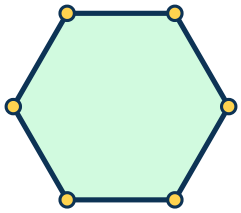

opposite sides are equal it has four right angles it has three sides

2. Which word names this shape's group?

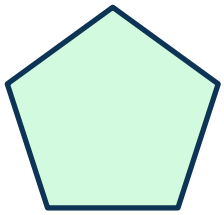

quadrilaterals pentagons hexagons

3. How many corners does this shape have?

_____

4. How many sides does this shape have?

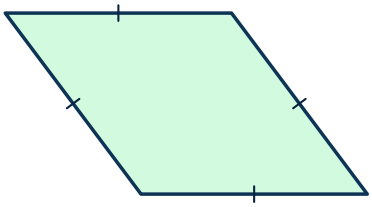

_____

5. Which shape is a quadrilateral?

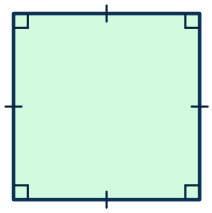

rhombus triangle pentagon

6. Tick marks show this shape has four equal sides. Which name fits it?

rhombus trapezoid rectangle

7. Tick marks show equal sides. What do the tick marks on this shape tell you?

the top side is the longest

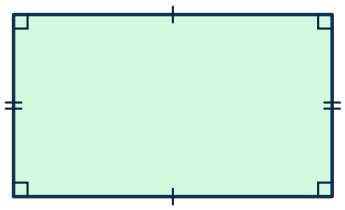

only two sides are equal

all four sides are equal

8. Which attribute do all squares have?

five corners only two equal sides four equal sides

9. Which attribute makes this shape a rectangle?

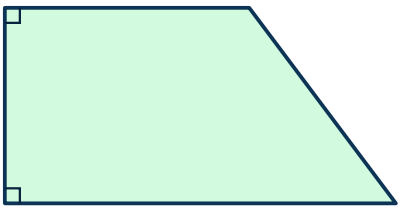

it has only two equal sides

it has four right angles

it has four equal sides

10. Small squares show right angles. How many right angles does this shape have?

_____
