The Water Cycle

Grade 3 Science Worksheet - Building Confidence

Name _____ Date _____

Write the stage of the water cycle: evaporation, condensation, precipitation, or collection.

1. A puddle slowly dries up on a sunny day. Stage: _____

2. The sun warms the ocean, and some water turns into a gas and rises.
   Stage: _____

3. Tiny drops of water gather to make a cloud. Stage: _____

4. Rain, snow and hail fall from the clouds to the ground. Stage: _____

5. The ocean holds most of Earth's water after it falls and runs off. Stage: _____

6. A cold glass of water gets wet on the outside on a warm day. Stage: _____

7. Water vapor rises into the air from lakes and rivers. Stage: _____

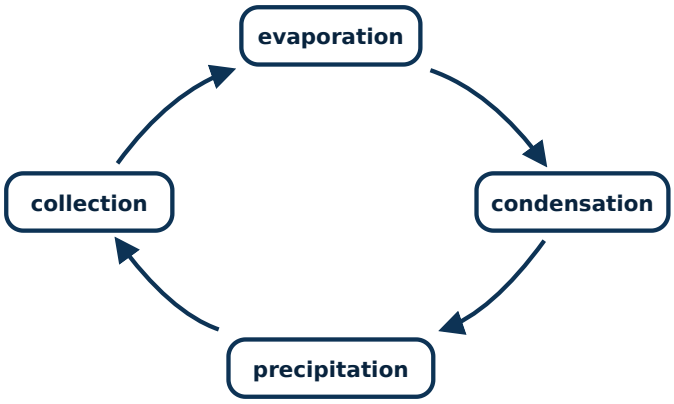

8. Rain runs into streams, and the streams flow to the ocean, where the water gathers.
   Stage: _____

The Water Cycle

Answer Key - Grade 3 Science Worksheet - Building Confidence

Write the stage of the water cycle: evaporation, condensation, precipitation, or collection.

1. A puddle slowly dries up on a sunny day. Stage: **evaporation**

2. The sun warms the ocean, and some water turns into a gas and rises. Stage: **evaporation**

3. Tiny drops of water gather to make a cloud. Stage: **condensation**

4. Rain, snow and hail fall from the clouds to the ground. Stage: **precipitation**

5. The ocean holds most of Earth's water after it falls and runs off. Stage: **collection**

6. A cold glass of water gets wet on the outside on a warm day. Stage: **condensation**

7. Water vapor rises into the air from lakes and rivers. Stage: **evaporation**

8. Rain runs into streams, and the streams flow to the ocean, where the water gathers. Stage: **collection**
