Native Nations and Their Lands

Grade 4 Social Studies Worksheet - Challenge Me

Name _____ Date _____

Circle the answer.

1. Ojibwe families gather wild rice from canoes each fall. What does this show?
   They use a resource from Great Lakes waters.
   They farm corn in dry desert soil.
   They follow bison herds across the Plains.
   They live on the rainy Pacific coast.

2. Pueblo peoples built homes of adobe, a sun-dried clay. Why did adobe suit the Southwest?
   Clay came from cedar forests.
   Thick clay walls stayed cool in hot sun.
   Clay walls floated above wetland water.
   Clay homes could be packed on horses.

3. Which nation is matched with its homeland correctly?
   Seminole: deserts of the Southwest
   Cherokee: mountains of the Southeast
   Tlingit: grasslands of the Great Plains
   Lakota: islands of the Pacific coast

4. By 1828, the Cherokee had towns, farms, a written language, and a newspaper. What does this show?
   They had no towns before English settlers came.
   They lived by following bison herds on foot.
   They built a strong nation with its own ways.
   They lived on the Pacific coast.

5. How were the Haudenosaunee and the Lakota different?
   One lived by the ocean; the other lived in deserts.
   Both lived in longhouses near lakes.
   Both lived on the Pacific coast.
   One farmed in villages; the other followed bison herds.
