Paraphrase a Source

Grade 4 Writing Worksheet - Challenge Me

Name _____ Date _____

Read each source. Write what it says in your own words.

1. Source: "Many birds fly south for the winter. They travel to places where the weather is warmer and food is easier to find."

2. Source: "Mount Everest is the highest mountain above sea level. It sits on the border between Nepal and Tibet."

3. Source: "A rattlesnake's rattle is made of loose rings of hard skin. When the snake shakes its tail, the rings circle together to warn other animals."

4. Source: "The Nile is one of the longest rivers in the world. It flows north through Egypt and empties into the Mediterranean Sea."

Paraphrase a Source

Answer Key - Grade 4 Writing Worksheet - Challenge Me

Read each source. Write what it says in your own words.

1. Source: "Many birds fly south for the winter. They travel to places where the weather is warmer and food is easier to find."

Model answer: "Lots of birds head south when winter comes. They go to warmer places where it is not so hard to get food." Check that it: keeps both facts: many birds go south in winter, and they go for warmer weather and easier food; uses new words and new sentence patterns; adds no opinion.

2. Source: "Mount Everest is the highest mountain above sea level. It sits on the border between Nepal and Tibet."

Model answer: "No mountain rises higher above the sea than Mount Everest. It stands right where Nepal meets Tibet." Check that it: keeps both facts: the highest mountain above sea level, and its place on the border of Nepal and Tibet; uses new words and new sentence patterns; adds no opinion.

3. Source: "A rattlesnake's rattle is made of loose rings of hard skin. When the snake shakes its tail, the rings circle together to warn other animals."

Model answer: "The rattle on a rattlesnake is a string of loose rings made from hardened skin. Shaking the tail makes the rings clatter, and that noise warns other animals." Check that it: keeps both facts: what the rattle is made of, and what it does when the tail shakes; uses new words and new sentence patterns; adds no opinion.

4. Source: "The Nile is one of the longest rivers in the world. It flows north through Egypt and empties into the Mediterranean Sea."

Model answer: "The Nile is among the longest rivers on Earth. It runs north through Egypt until it reaches the Mediterranean Sea." Check that it: keeps both facts: the Nile is one of the longest rivers, and it flows north through Egypt to the Mediterranean Sea; uses new words and new sentence patterns; adds no opinion.
