Properties of Matter

Grade 5 Science Worksheet - Building Confidence

PencilGo

Name _____ Date _____

Read each observation. Circle the property that it shows.

1. A buzzer sounds when a silver spoon closes the circuit.

magnetic conducts electricity dissolves in water transparent flexible

2. Epsom salt vanishes in hot water.

magnetic conducts electricity dissolves in water transparent flexible

3. A bulb lights when a copper coin completes the circuit.

magnetic conducts electricity dissolves in water transparent flexible

4. A thin sheet of foil folds without breaking.

magnetic conducts electricity dissolves in water transparent flexible

5. A garden hose coils into a circle.

magnetic conducts electricity dissolves in water transparent flexible

6. Salt grains disappear in a glass of water, and the water tastes salty.

magnetic conducts electricity dissolves in water transparent flexible

7. Iron filings gather at the ends of a magnet.

magnetic conducts electricity dissolves in water transparent flexible

8. A wire can be bent into a loop.

magnetic conducts electricity dissolves in water transparent flexible

Properties of Matter

Answer Key - Grade 5 Science Worksheet - Building Confidence

Read each observation. Circle the property that it shows.

1. A buzzer sounds when a silver spoon closes the circuit.
   magnetic **conducts electricity** dissolves in water transparent flexible

2. Epsom salt vanishes in hot water.
   magnetic conducts electricity **dissolves in water** transparent flexible

3. A bulb lights when a copper coin completes the circuit.
   magnetic **conducts electricity** dissolves in water transparent flexible

4. A thin sheet of foil folds without breaking.
   magnetic conducts electricity dissolves in water transparent **flexible**

5. A garden hose coils into a circle.
   magnetic conducts electricity dissolves in water transparent **flexible**

6. Salt grains disappear in a glass of water, and the water tastes salty.
   magnetic conducts electricity **dissolves in water** transparent flexible

7. Iron filings gather at the ends of a magnet.
   magnetic conducts electricity dissolves in water transparent flexible

8. A wire can be bent into a loop.
   magnetic conducts electricity dissolves in water transparent **flexible**
