Protecting Earth's Resources

Grade 5 Science Worksheet - Building Confidence

Name _____ Date _____

Read each item. Circle whether it is a renewable resource, a nonrenewable resource or a way to protect resources.

1. Coal.
   renewable resource nonrenewable resource way to protect resources

2. Fixing a leaking faucet.
   renewable resource nonrenewable resource way to protect resources

3. Trees in a managed forest.
   renewable resource nonrenewable resource way to protect resources

4. Fossil fuels.
   renewable resource nonrenewable resource way to protect resources

5. Planting trees.
   renewable resource nonrenewable resource way to protect resources

6. Oil under the ground.
   renewable resource nonrenewable resource way to protect resources

7. Natural gas used for heating.
   renewable resource nonrenewable resource way to protect resources

8. Plastic made from oil.
   renewable resource nonrenewable resource way to protect resources

9. Using a reusable water bottle.
   renewable resource nonrenewable resource way to protect resources

10. Gravel mined from a quarry.
    renewable resource nonrenewable resource way to protect resources

Protecting Earth's Resources

Answer Key - Grade 5 Science Worksheet - Building Confidence

Read each item. Circle whether it is a renewable resource, a nonrenewable resource or a way to protect resources.

1. Coal.
   renewable resource **nonrenewable resource** way to protect resources

2. Fixing a leaking faucet.
   renewable resource nonrenewable resource **way to protect resources**

3. Trees in a managed forest.
   renewable resource nonrenewable resource way to protect resources

4. Fossil fuels.
   renewable resource **nonrenewable resource** way to protect resources

5. Planting trees.
   renewable resource nonrenewable resource **way to protect resources**

6. Oil under the ground.
   renewable resource **nonrenewable resource** way to protect resources

7. Natural gas used for heating.
   renewable resource **nonrenewable resource** way to protect resources

8. Plastic made from oil.
   renewable resource **nonrenewable resource** way to protect resources

9. Using a reusable water bottle.
   renewable resource nonrenewable resource **way to protect resources**

10. Gravel mined from a quarry.
    renewable resource **nonrenewable resource** way to protect resources
