Protecting Earth's Resources

Grade 5 Science Worksheet - Building Confidence

Name _____ Date _____

Read each item. Circle whether it is a renewable resource, a nonrenewable resource or a way to protect resources.

1. Plants grown for fuel.
   renewable resource nonrenewable resource way to protect resources

2. Taking shorter showers.
   renewable resource nonrenewable resource way to protect resources

3. Uranium for nuclear power.
   renewable resource nonrenewable resource way to protect resources

4. Crops planted again each year.
   renewable resource nonrenewable resource way to protect resources

5. The Sun's heat.
   renewable resource nonrenewable resource way to protect resources

6. Fish that are not overfished.
   renewable resource nonrenewable resource way to protect resources

7. Diamonds.
   renewable resource nonrenewable resource way to protect resources

8. Heat from deep underground.
   renewable resource nonrenewable resource way to protect resources

9. Recycling cans.
   renewable resource nonrenewable resource way to protect resources

10. Metal ore such as iron.
    renewable resource nonrenewable resource way to protect resources
