Protecting Earth's Resources

Grade 5 Science Worksheet

Name _____ Date _____

Read each item. Circle whether it is a renewable resource, a nonrenewable resource or a way to protect resources.

1. Heat from deep underground.
   renewable resource nonrenewable resource way to protect resources

2. Recycling cans.
   renewable resource nonrenewable resource way to protect resources

3. Metal ore such as iron.
   renewable resource nonrenewable resource way to protect resources

4. Wind.
   renewable resource nonrenewable resource way to protect resources

5. Rain.
   renewable resource nonrenewable resource way to protect resources

6. Flowing water in a river.
   renewable resource nonrenewable resource way to protect resources

7. Carrying reusable bags.
   renewable resource nonrenewable resource way to protect resources

8. Natural gas.
   renewable resource nonrenewable resource way to protect resources

9. Corn grown for fuel.
   renewable resource nonrenewable resource way to protect resources

10. Petroleum.
    renewable resource nonrenewable resource way to protect resources

Protecting Earth's Resources

Answer Key - Grade 5 Science Worksheet

Read each item. Circle whether it is a renewable resource, a nonrenewable resource or a way to protect resources.

1. Heat from deep underground.
   renewable resource | nonrenewable resource | way to protect resources

2. Recycling cans.
   renewable resource | nonrenewable resource | way to protect resources

3. Metal ore such as iron.
   renewable resource | nonrenewable resource | way to protect resources

4. Wind.
   renewable resource | nonrenewable resource | way to protect resources

5. Rain.
   renewable resource | nonrenewable resource | way to protect resources

6. Flowing water in a river.
   renewable resource | nonrenewable resource | way to protect resources

7. Carrying reusable bags.
   renewable resource | nonrenewable resource | way to protect resources

8. Natural gas.
   renewable resource | nonrenewable resource | way to protect resources

9. Corn grown for fuel.
   renewable resource | nonrenewable resource | way to protect resources

10. Petroleum.
    renewable resource | nonrenewable resource | way to protect resources
