Protecting Earth's Resources

Grade 5 Science Worksheet - Building Confidence

Name _____ Date _____

Read each item. Circle whether it is a renewable resource, a nonrenewable resource or a way to protect resources.

1. Natural gas.
   renewable resource nonrenewable resource way to protect resources

2. Corn grown for fuel.
   renewable resource nonrenewable resource way to protect resources

3. Petroleum.
   renewable resource nonrenewable resource way to protect resources

4. Moving water behind a dam.
   renewable resource nonrenewable resource way to protect resources

5. Walking or biking instead of riding in a car.
   renewable resource nonrenewable resource way to protect resources

6. Picking up litter.
   renewable resource nonrenewable resource way to protect resources

7. Minerals dug from mines.
   renewable resource nonrenewable resource way to protect resources

8. Using less paper.
   renewable resource nonrenewable resource way to protect resources

9. Buying used items.
   renewable resource nonrenewable resource way to protect resources

10. Oil.
    renewable resource nonrenewable resource way to protect resources

Protecting Earth's Resources

Answer Key - Grade 5 Science Worksheet - Building Confidence

Read each item. Circle whether it is a renewable resource, a nonrenewable resource or a way to protect resources.

1. Natural gas.
   renewable resource **nonrenewable resource** way to protect resources

2. Corn grown for fuel.
   renewable resource nonrenewable resource way to protect resources

3. Petroleum.
   renewable resource **nonrenewable resource** way to protect resources

4. Moving water behind a dam.
   renewable resource nonrenewable resource way to protect resources

5. Walking or biking instead of riding in a car.
   renewable resource nonrenewable resource **way to protect resources**

6. Picking up litter.
   renewable resource nonrenewable resource **way to protect resources**

7. Minerals dug from mines.
   renewable resource **nonrenewable resource** way to protect resources

8. Using less paper.
   renewable resource nonrenewable resource **way to protect resources**

9. Buying used items.
   renewable resource nonrenewable resource **way to protect resources**

10. Oil.
    renewable resource **nonrenewable resource** way to protect resources
